

EXCLUSIF 2

Design by
Didier Gomez

Description

The model Exclusif is now complemented by a new version on legs, named Exclusif-2. These new 13 cm high legs, in a black chromed finish, do not affect the overall dimensions of each item.

Exclusif-2, with an 'international' 248 cm wide large settee resting on a brilliant-chromed or black-chromed base, brings to the collection an almost incomparable level of elegance & refinement. With this type of base, it is recommended to use the square armrests which are lower (also for the medium settee). Thus, the two models are very different & yet complementary in terms of sales.

Technical Specifications

CONSTRUCTION & COMFORT

The structure is designed around a tubular metal frame with multi-ply panels. For optimum comfort the seat cushions are supported by a webbed suspension. Seat and back cushions are filled with new duck feathers (10 % down / 90% feathers), compressibility H 88 mm with compartmented inner cover on the seat and a core of high resilience polyurethane Bultex foam (30kg/m³ - 1.8 kPa). The flat sides of the seat are quilted with a layer of polyester (200 g/m²). The 57 x 57 cm cushion is filled with 100 % new duck feathers.

For a firmer level of comfort it is possible to have the seat cushions entirely in high resilience polyurethane Bultex foam (dominant 35 kg/m³ - 2.6 kPa) : please specify your choice when placing your order. Headrest with chromed steel structure (Ø 10 mm) clad in high resilience polyurethane Bultex foam (dominant 38 kg/m³ - 3.6 kPa) and 300 g/m² polyester quilting.

MAKING-UP

Removable cushion covers. Removable frame cover (NB except microfibres & leather), although it is necessary to remove the armrests in order to do so - this can be done without difficulty. Bicolour interpretations may be created by specifying a different colour/covering material for the back and lumbar cushions. Seams of back cushions are highlighted with piping. In the case of the large settees with arms, large 1-arm settees and large asymmetrical settees, each item will have 2 asymmetrical seat cushions regardless of whether it has a left or right arm (or no arms at all). Choice of seat cushions: with button detailing, or without.

COVERING MATERIALS

Designed to take the highest quality leathers (Kyoto, Diva, Nubu), but velours (Harald, Alpaca), chenilles (Laba, Litz, Zana) or even wools (Coda, Steelcut Trio, Canvas laine, Divina MD) may be used ; Exclusif-2 works particularly well in Alcantara.

IN THE CASE OF KYOTO, DIVA OR NUBU LEATHER, THE SEAT CUSHIONS WILL BE MADE UP WITHOUT A CENTRAL SEAM.
