

# ROBIN

**Design by**  
Numéro111

## Description

This is the first time that Numéro 111 have worked on a rug. They played with the material to create reliefs by working on the texture, thus sketching out a landscape inspired by images from Google Earth. The idea was to create a space within a space, an exterior in one's interior, with an idea of Travelling. The rug becomes a domestic landscape. Graphic in appearance, the monochrome tone offers up nuances of shade depending on the light and can be read either abstractly or figuratively. Hand tufted rug in 100 % wool (dark green, gris ardoise, gris lumière or pétrole foncé). The motif of the rug is created by means of varying tuft heights and finishes: bouclé, shaved and sculpted.
