OVERVIEW ROLF BENZ YOKO

**ROLF
BENZ**
OUTDOOR

„Mixing different genres, Rolf Benz YOKO combines the clean lines of German design with a Zen spirit and a light French/Italian touch.“

Toan Nguyen

- The new outdoor range comprises a sofa, armchair, lounge, chair and table.
- “Yoko” (Japanese for sun) epitomises the beneficial effects of the sun and looks equally good in urban and rural settings.
- Designer Toan Nguyen creates a connection between excellent design and meaningful use.
- All frames are based on an aluminium framework that rests on elegantly curved legs and has an coloured powder coating in anthracite and bianco (excluded are chair and table). The brilliant, subtly shimmering finish that was developed for exteriors makes the furniture robust and weatherproof whilst looking extremely elegant at the same time.
- The fabrics in the cover collection are equally weather-resistant and their colour coordinates with the aluminium frame. Optionally, you can choose bouclé fabrics made from 3D yarn or fabric combinations for the cushions and body. All covers are removable and washable at 30°.
- The straps of the sofa frame and the cord of the weaving in the chair and armchair serve as both a spring system and as decorative stylish elements that are coordinated with the colour of the pedestal.

**ROLF
BENZ**

OUTDOOR

„Bianco is a colour that is especially on trend outdoors, highlighting the other cover colours and giving the furniture a Mediterranean feel. Bianco reminds us of the whitewashed façades of Mediterranean villages that bring out the blue of the sea.“

Bettina Hermann, Director Design & Productmanagement

„The neutral colour anthracite fits always and to all fabrics of the Rolf Benz Outdoor collection“

Bettina Hermann, Director Design & Productmanagement

Sofa | Rolf Benz YOKO 219 | Design Toan Nguyen

- Toan Nguyen has developed a principle for the Rolf Benz YOKO sofa range that is formally impressive and ensures ultimate flexibility. On a seat frame with straps, back and seat cushions, shelving and peripheral insertion brackets made of high-grade steel, you can easily design sofas, corner sofas, recamières, sunbathing areas or face-to-face arrangements with and without shelving – and redesign them again in the blink of an eye.
- Depending on the sofa size or the required arrangement, the seat cushions are available in various lengths; the backrest cushions are attached and optionally enhanced with side section cushions or a side section bolster cushion.

PRODUCT FEATURES OF THE ROLF BENZ YOKO SOFA:

1. Selection of sofa frame (with straps) made of matt

powder-coated aluminium/stainless steel:

I Dimensions: 80, 160, 240 cm x 90 cm

I Colour:

- Bianco fine-grain matt
- Anthracite matt

The frames have insertion points for the brackets. All elements of the frame can be linked to each other.

2. Selection of seat cushions or shelving:

I Dimensions: 80, 160, 240 cm x 93 cm

(These can be individually selected; the size of the frame does not determine the size of the seat cushion.)

I Colour: Rolf Benz Outdoor cover collection

Shelving made of matt powder-coated aluminium:

I Dimensions: 80 cm x 90 cm

I Colour:

- Bamboo
- Teak
- Ceramic Calacatta smooth
- Ceramic Naturali, Pietre

If shelving is selected in conjunction with cushions, the arrangement can subsequently be changed in any order.

3. Selection of the backrest/side section elements:

Choose insertable brackets to suit the back/side section element.

The brackets can be inserted anywhere in the frame at any insertion point.

I Insertable brackets made of matt powder-coated high-grade steel:

- Backrest brackets for backrest cushions: 44 x 46 cm
- Side section bracket for cushions: 44 x 26 cm
- Side section bracket for bolster cushion: 44 x 28,7 cm

I Colour (corresponds to the sofa frame):

- Bianco fine-grain matt
- Anthracite matt

4. Selection of the backrest and side section cushions/bolster cushion:

The appropriate cushions are selected based on the bracket:

I Backrest/side section element:

- Backrest cushion 77 cm x 41 cm
- High backrest cushion 77 cm x 49 cm
- Side section cushion 31 cm x 55 cm
- Side section bolster cushion 18 cm x 60 cm
- Accessory cushions 60 x 40 cm, 50 x 50 cm, 40 x 40 cm

I Colour: Rolf Benz Outdoor cover collection

I Selection of accessories:

- Cover: An appropriate cover for the selected frame is recommended for the sofa.

Armchair | Rolf Benz YOKO 271 | Design Toan Nguyen

Armchair | Rolf Benz YOKO 271 | Design Toan Nguyen

- See, love, sit down. As an armchair, Rolf Benz YOKO has a wonderful emotional appeal. With its generous seat depth and backrest that is tilted ergonomically backwards, it's a real feel-good, cosy armchair.
- The frame has weaving made of thin cord that exudes an air of warmth. You are free to choose the covers for the seat, backrest and side section cushions, if required with an additional footstool. The seating area of the armchair and stool are made of a high-quality Batyline fabric.

New sun lounger | Rolf Benz YOKO | Design Toan Nguyen

- Lying comfort and maximum flexibility – the Rolf Benz YOKO sun lounger is the perfect enhancement to the YOKO Outdoor collection or an elegant standalone item for your downtime outside.
- It combines the art of relaxation with maximum flexibility. An especially soft cushion allows you to literally drift away on it. Thanks to its breathable Batyline covering, you can also use the sun lounger in hot temperatures or after swimming in the pool without the need for an extra layer.
- The airiness of the sun lounger is reflected in the soft radii of the aluminium frame and its simple ease of use: an integrated gas pressure spring provides stepless adjustability. Discreetly inserted rollers mean that Rolf Benz YOKO can easily be moved. Several loungers can be stacked on top of each other (max. 5) for easy storage.
